## THE WHEAT MARKET MUDDLED

Traders Refuse to Do Business Until They Ascertain Their Condition.

PRICE FLUCTUATIONS NARROW.

Corn Quiet With Some Show of Returning Confidence-Provisions Moderately Active - Good Trading in Oats.

#### CHICAGO PRODUCE MARKET.

CHICAGO, June 16 .- [Special Telegram to the BEE. |- The range of prices in wheat were a very fair indication of the business done. The range was narrow and business extremely light. Most of the firms on 'change were refusing business, owing to the muddled state into which their accounts had been thrown by the wild fluctuations and numerous failures of the last few days. Several conservative concerns declared that no new orders would be executed by them until the books and accounts were straightened out. Confidence has not as yet been restored, though it is thought the worst is over and that no new failures are imminent. But one occurred to-day. Several were crowded quite hard, and it was expected they would be forced to the wall. The oft-repeated promise of Kershaw & Co. that funds would be forthcoming were again renewed to-day, but they fell with no effect on the of the crowd. They had already been fed upon promises too long. July wheat opened at 73c, which was 3c higher than the close yesterday. For the whole morning session the price fluctuated between 723%c and 733%c, and after the first flurry of the morning was very quiet. June wheat, which was another of the months which had been under heavy fire, started in unchanged at 71c and sold as high

months which had been under heavy fire, started in unchanged at 71c and sold as high as 71½c and as low as 71c during the morning. Trade in it was also light. At no time after the first half hour around the opening was the wheat pit comfortably filled.

Corn was a quiet deal from first to last, but, as in wheat, there was some show of returning confidence. July opened at \$7½cc37½c against the close last night at 37c, and by 12:30 it was selling at 37½cc. For the greater part of the session July was between 37c and 37½cc. Toward the close of the morning session the announcement of John Bryant's fallure caused a little weakness in both wheat and corn, but it was only temporary.

Provisions were only moderately active during the morning. The course of lard'and ribs was about the same as in corn and July lard started at \$6.50, sold down to \$6.45 and back to \$6.50. July ribs opened at \$7.37½, sold down to \$7.30 and back again to \$7.37½.

The last half hour of the session was quiet. July wheat, which sold from 73½c down to 73 on the Bryant failure, recovered somewhat and closed at 73½c. July corn, which just before the failure was at 37½c and afterward at 37½c37½c, closed at 37%c.

At the afternoon session there was a revival of trade in the wheat pit without material change of prices, some futures remaining steady, while others were slightly weaker. Armour was reported to have taken vessel room for 200,000 bushels of wheat at a through rate to New York of 10½c. Corn and oats were moderwitely active and a shade higher. No further

bushels of wheat at a through rate to New York of 103c. Corn and oats were modertely active and a shade higher. No further failures were announced. Wheat for June sold at 71@713c, July at 72½@734c, August at 75@753c, September at 75%@763c, December at 80%@813c, closing at 713c for June, 73c for July, 75%c for August, 76%c for September, and 80%c for December. Corn for July sold at 374@374c, August at 38%c 38%c. September at 59%c, closing with sellers at the top. Oats for July 26%@26%c, August 25%c. Lard for July 86.52%, August 48.60%c (26.634. Short ribs for July sold at \$7.50c. 7.55, August at \$7.60c. 7.55, September at \$7.70c. 7.75, closing with sellers at the outside.

#### CHICAGO LIVE STOCK.

CHICAGO, June 16 .- | Special Telegram to the BEE. |-CATTLE-Prices again another substantial down some salesmen declaring that turn. there was a decline of ten cars campared with the best sales yesterday, hence, according to reports yesterday, values are 25@35c lower than last week. Every night for the week so far the market has closed weak, with some good cattle left unsold. The extreme price for the best short horn and Angus cattle this week was \$4.85@4.90, a couple of cars of the blacks selling late yesterday within the range quoted above, and one car of short horns on Monday at \$4.85. The great bulk of good and useful natives are selling within a range of \$4.25@4.50, while as good cattle as stand are selling at \$4.00@4.75. The run of Texans is light, with prices fully as high as last week. The trouble with the trade is there are too many fat natives and no outlet for the product. Butchers' stock, especially best cows and heifers, are making a shade more money than in the early part of the week. Light, thin bulls are wanted to average 800 to 900 lbs, and will sell for \$2.30@2.50. the range quoted above, and one car of short

for \$2.30\tilde{2}.50.

Hogs.—Trade was very dull, with another down turn of about 10c, making the decline for the week so far about 20\tilde{2}. pecially as compared with the high prices of Tuesday, when best heavy sold at \$5,30@ 5.35, against \$5.05@5.10 to-day.

### FINANCIAL

NEW YORK, June 16 .- | Special Telegram to the BEE. J-STOCKS-There was a stronger and better tone to the New York stock market, and improvements of 14@114 per cent were recorded on the list. The news from Chicago that the worst was over had a beneficial effect and made operators more disposed to trade. The decision of the inter-state commissioners yesterday, which practically gives railroads having water competition the right to pursue the same course as before the bill went into effect, acted as a stimulant on the southern roads, and they were bid up quite rapidly, Louisville & Nashville going up 1% per cent and maintaining the most of the appreciation until the close. London bought the Grangers, and Northwestern advanced 1 point, Omaha %, and St. Paul %, but the latter weakened % before the finish. The feeling on Reading continues unsettled. Doubts were expressed about the reorganization plan going through, hence operators were disposed to let it alone. It was said that Cammack and Bateman had turned bulls, and the report had an encouraging effect, as they have been the bear leaders for several weoks, but were anderstood to have unloaded their shorts yesterday. During the closing hour the market, on a number of stocks, weakened slightly but all the principal stocks showed net gains. A stock operator of ulty years' experience says he never saw so many circumstances combining at one time calculated to cause an advance in the stock market, and does not wonder that large purchases to cover outstanding contracts are being made. The Chirago stock houses did very little business except in the way of livening up, the operators having enough to do to take care of their grain trades to occupy their time. The total sales were 242,000 shares.

OMAHA LIVE STOCK.

Thursday, June 16. Cattle.

The receipts of cattle were less than yesterday by 200 head. The untavorable reports received from Chicago, indicating a heavy run and a lower market, had a depressing effect upon the market here and caused a decline of fully 10c. The market was not very active and a good many cattle were left over. Butchers' stock was slow and common grass cows were going very alow. cows were going very slow.

Hoge. The hog market opened at a decline of 10c and in some instances 15c, and very slow and dragging. Only about one-third of the hogs were sold in the forencon. In the afternoon the market livened up. Armour & Co. entered the market and the pens were cleared out early in the afternoon. The market closed about 10c lower than yesterday, with everything sold and with a much better feeling than at the opening. thing sold and wit

There was nothing doing on the market, but the receipts were very heavy. Receipts.
